

## Have A Wonderful Day

by Daniel Paul Work (ASCAP/SmileyNote Studios, inc. c2020)

Why don't we  
Take a little walk in the pouring rain  
Or maybe soak up the sun in our veins

Why don't we  
Make love in the day and hold hands all night  
Refresh our souls, come back to life

*(chorus)*  
Have a wonderful day, not an ordinary day  
but a wonderful, an extraordinary, have a wonderful day

How 'bout this  
Jump out of your chair, run in the mountain air  
Go outside, act naturally there's so much to see

How 'bout this  
Smile till you laugh, love life and relax  
Refresh your soul, come back to life

*(chorus)*

Let go of your pain, your fears, your worries

*(Instrumental)*  
Why don't we  
Make love in the day and hold hands all night  
Refresh our souls, come back to life

*(chorus)*

Let go of your pain, your fears, your worries  
Have a wonderful day... (vamp)
